

Event Specific Rules / Qualifying and Race Procedures for the Race of Champions Four Cylinder at Holland Speedway (including Qualifying Races, B-Mains and all features) continued:

- The race may extend past the advertised 20-lap distance and could end with a green-white-checker finish. There may be multiple attempts at a green-white-checker finish, however, if the leader receives the white flag and the caution is displayed or the yellow lights are illuminated during the white flag lap the cars will be scored on the basis of their track position. **PASSING WILL NOT BE PERMITTED**, provided the cars maintain a reasonable speed considering the track conditions. Any cars that may be involved and/or the result of the caution will be scored in their respective position following the incident.
- **One-way radios are mandatory. The one-way frequency will be 454.000. Two-way radios will not be permitted.**
- Cars breaking under green flag conditions may exit the race track at any pit entrance / exit that may be accessed without bringing out the caution.
- It is mandatory to have the following decals on both sides of the car (Race of Champions, VP Racing Fuels and Hoosier) and the driver must have display (Race of Champions, VP Racing Fuels and Hoosier) on their driver's uniform.
- To be eligible for other available contingencies you must run the decals. Included is a guided map for two available options to place decals on your vehicle.
- Immediately following the conclusion of the event, the first place car needs to go to the scale first, then we need second and third to the scales and to victory lane. Additional vehicles and/or competitors may be signaled to inspection over the one-way radio following the conclusion of the event
- Race of Champions Officials reserve the right to alter the rules of this and/or any event, provided the competitors are given notice (in advance and/or over the one-way radio) due to any circumstance that require such a change or alteration.

Technical Inspection:

- Inspection at Holland Speedway will take place at 2:15 pm on Saturday, June 8, 2024;

Inspection to be prepared for:

- Safety and General Inspection - Carburetor Inspection
- General Body Inspection - Pre-Race Engine Inspection
- Fuel Samples from Fuel Cell - Overall Inspection

***** Note:** There will be post-race inspection in the designated inspection area following the completion of Victory Lane Ceremonies.
